# ABOUT

BaseCamp is an immersive **full-time 8-week program** for prospective data scientists.

During 8 weeks you will **deepen your theoretical knowledge, enhance your practical skills** and become  
a **qualified data scientist** ready for your exciting data science career.

## DURATION

**8 weeks** split into lectures, workshops, and work on a project. Our program is timed and shaped perfectly so that you can learn how to solve real-world data science problems.

## DATES

The next cohort will start on **5th June 2017**.

The application deadline for our summer batch is **31st March 2017**.

> Check out also our [Data & Travel](#) edition.

## LOCATION

Our training program takes place in **Vienna, Austria** – the very heart of Europe, where history and culture meet dynamic business environment. Vienna has also been ranked by Mercer as the city with best quality of living for 7 years in a row.

## MINIMUM REQUIREMENTS

From all participants we require advanced **English** skills (at least C1 level) and good **abstract thinking**. Technical skills and formal education will be considered but are not mandatory. However, we want all

In the mood for a more exotic destination? Check out our **STUDENT & Travel** edition in Medellin, **Colombia.**

the students to be on the same **COMPANY**, so **NEWSLETTER** right to send out some materials to go through before the bootcamp. The ability to legally reside in Austria during the program is necessary.

---

## COSTS

The cost of BaseCamp is **5,000 Euro** paid in two installments, with the first one being due two weeks after acceptance. We offer the opportunity to apply for an excellence scholarship for the best applicants.

## NUMBER OF PEOPLE PER BATCH

We accept **8 to 10 people** per batch. The selection is based on the quality of your application, remote interviews and interest on the side of our partners.

**MENTORS**

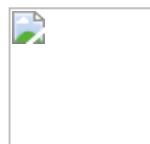

## STUDENT COMPANY NEWSLETTER LUKAS TOMA

- Co-founder and Chief Data Scientist at Knoyd
  - Expertise: Machine learning / R / Python / Text Mining
  - Formerly Data Scientist at Ulmon GmbH and Kreditech Holding GmbH
- 

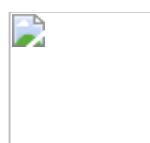

## JURAJ KAPASNY

- Co-founder and Data Scientist at Knoyd
  - Expertise: Python / Social Network Analysis / Databases
  - Formerly Data Scientist at Teradata and Risk Analyst at UniCredit Bank
- 

## CRISTIAN AXENIE

- Researcher at Neuroscientific System Theory Group, TU Munich
  - Expertise: Neural Networks / Machine Learning / Reinforcement Learning
  - Formerly engineer at Intel and Freescale Semiconductor and hackathon rockstar
- 

## DOMINIK CSIBA

- PhD in Optimization in Machine Learning and Data Scientist at Operam
  - Expertise: Optimization / Machine Learning / Large Datasets / Python
  - Formerly worked with Applied Machine Learning at Amazon, Berlin and was a Researcher at Innovatrics, Bratislava.
